

FACTS

REGINA PLASTIC MACHINED SPROCKETS COLOR CHANGE

The color of the Regina plastic machined sprockets made in polyamide changed from white to pale yellow. Please refer to Exhibit 1 for a comparison.

Exhibit 1 – Regina machined sprockets color comparison

WHITE COLOUR

PALE YELLOW COLOUR

The color change has no effect on sprockets strength, durability and performance.

Sprockets part number, description and pricelist are unchanged.

Please do not hesitate to contact Regina Application Engineering department with any question.

Best regards,

Regina Application Engineering Team
